Claims 17 and 20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Wise in view of Electric Pak and McCarthy, 4775328.

See discussion in last office action.

Applicant's arguments filed with the amendment have been fully considered but they are not persuasive. As stated previously, Wise system includes a four way "shared ground". Even without other references, it would have been obvious to try other arrangements, of grounds/neutrals such as a four way shared neutral or two pairs each one a shared neutral and ground, one pair for outlets 44, 45, the other pair for outlets 44', 45'. This would enable one to use less wiring for neutrals. McCarthy, fig. 10 further suggests such use of a shared neutral and ground. Obvious to similarly form Wise, fig. 4 system with two outlets having one shared neutral and ground, the other two outlets having another shared neutral and ground. No specific problem is shown to be solved by the recited invention ~~over the Wise recited invention~~ over the Wise system. Two shared grounds would only mean use of a an added wire and use of only two neutrals would require each outlet pair to share a neutral. No unexpected result would be produced by such change.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 2839

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication should be directed to Neil Abrams at telephone number (571)272-2089.
